

REAPER BONES BLACK

We're excited to announce an amazing new product line for 2019 and beyond: Reaper Bones Black!

Since launching our Reaper Bones miniatures in 2012, Reaper Miniatures has produced and shipped over 25 million plastic models to gamers and painters around the world.

But despite the success of Reaper Bones, we continually look for ways to improve our products. We've taken everything that makes Reaper Bones Miniatures so successful and enhanced it. We've always listened to our customers, and after years of feedback, we made Reaper Bones Miniatures even better with Reaper Bones Black.

- High Detail – Reaper Bones Black holds more detail and is equal to resin or metal
- Rigid Material – weapons and thin parts are much more rigid and hold their shape, but still flexible enough to withstand constant handling
- Improved Pigmentation – Reaper Bones Black models are tinted dark grey for ease of painting and viewing
- Reduced Seam and Shift Lines - produced with high-grade steel molds, Reaper Bones Black models are cleaner, crisper, and require less cleaning

But we didn't change everything. Customers can expect the same great features with Reaper Bones Black as they do with Reaper Bones.

- Amazing sculpts – created by the best artists in the gaming industry
- Consumer-friendly pricing – Reaper Bones Black gives customers great value for their dollars
- Wide selection – Reaper Bones Black will continue to provide consumers a variety of options to suit all types of gaming.
- Painter Friendly – made for painters and gamers, by painters and gamers.
- Ready to Paint – just a quick rinse with soap and water and you're ready to paint
- Scaled to Fit – Reaper Bones Black models are the same size and scale as all Reaper miniatures and all modern gaming models
- Integral Bases – Reaper Bones Black models come with integral bases so they're ready to play with right out of the package
- Always in Stock – Reaper Bones Black models won't go out of stock and can always be reordered. You've got the demand. We've got the supply.

To launch Reaper Bones Black, we'll be giving away nearly 150,000 free Reaper Bones Black miniatures throughout 2019. This will give painters, gamers, and retailers an opportunity to try Reaper Bones Black themselves. More details will be coming soon on www.reapermini.com.
